RS:X World Championships**

2011 RS:X Class Report
to
the ISAF WINDSURFING & KITE BOARDING
COMMITTEE

Planned Evolution of the RS:X One Design Equipment

The Class will run a series of 3 test events between now and the end of March 2012 to evaluate the development RS:X equipment tested by Neil Pryde Windsurfing with a view to putting forward a submission for approval by the 2012 RS:X AGM on the adoption of the RS:X Evolution, either in whole or in part, as the class legal equipment for the 2016 Olympic Regatta.

Planned Evolution of the Format

The Class has established a format working party to put forward a submission for approval by the 2012 RS:X AGM to further evolve the racing format used at major events in the run up to the 2016 Olympic Regatta

Equipment Control

Bas Edmonds [GBR], paid a visit to Neil Pryde's RS:X production facilities in the spring of 2011 to carry out another quality control audit. This is the second such annual visit aimed at tightening up production processes.

COMMITTEE

Conclusion

2011 has been another successful year in the development of the RS:X Class.

We had a very successful combined European Championship in Burgas, Bulgaria with the Youth fleets racing at the same venue as the senior fleet for the second time.

The Youth Worlds took place in Cagliari, Sardinia at the same time and on the same venue as the Techno 293s and the Raceboard Class.

We look forward to further combined events in the future

Thank you for your continuing support!

THE END
