### Techno 293 Charter Equipment

For the 2011 Worlds in San Francisco Bic Sport have committed to supply 150 boards complete with one sail and rig (mast, boom, extension).

It is anticipated that demand will exceed supply and the class committee have agreed the following policy to handle applications and the final allocation.

The process will be handled by the IWA Office and applications should be sent to -  
[t293@internationalwindsurfing.com](mailto:t293@internationalwindsurfing.com)

The charter fee remains at 100 euro. It has been necessary to add the requirement for 100 euro (refundable) deposit per set, to ensure the equipment is looked after, and returned in a good (clean) condition.

**Applications** can be made by: a) the national class association (NCA) ; and b) an individual.

a) by NCA. Each current, paid up, 2011 member shall be allocated:

- 3 complete sets to each FULL member of the international class;
- 1 complete set to each BASIC member of the international class.
- 1 further set may be allocated to NCA's applying for one set per boy **and** girl in each world championship division (ie under 15 **and** under 17)

Each NCA shall publish a clear, and fair, qualification system for their national allocation.

b) by an Individual. According to current policy -equipment will be allocated fairly, across the countries represented , with preference given to nations having to travel the furthest, particularly from outside the host continent. This allocation will also ensure "new nations" are able to participate at the Worlds. Multiple applications from the same country will be considered on 'first come , first served' basis.

#### Timetable

30th April - closing date for "individual" applications (b )

10th May - closing date for acceptance of (b) applications
