

SECOND DAY

JY WORLDS CHAMPIONSHIP “MORMAII WAVE PRO 2011”

Lobitos August 4th – Getting closer to the semi finals

We have completed the second day of competition in this first Junior and Youth Wavesailing Worlds in Lobitos beach, Perú. Many people, from different parts of the country, competitors and authorities showed to watch the best sailors of the world ripping in the good waves of

Lobitos. Waves were yesterday a bit smaller than today, but last heats showed waves of 1.5-1.7 meters height with long wall for 5-10 bottom turns each ride. Our event director, Mr. Ricardo Kaufman, called all competitors today at 10am to continue with the Youth and Junior heats left from yesterday. Until now, we have completed all first and

second round for youths and juniors, and most of the double elimination series too. In the Youths, Zane Schweitzer (USA), Jonas Handekyn (BEL), Justin Denel (FRA), Christian Saurer (BRA), Arthur Job (BRA) and Sebastian Aguirre (PER) has managed very good this competition and at this moment they have won all their heats and are waiting for tomorrow heats to define the title.

Coming from the double elimination we have guys like Erick Razzera (BRA), Wilfredo Blondet (PER) and Matias Canseco (PER) that need to win their tomorrow heats to get back to the main competition rounds.

In the junior division we will see tomorrow a heat with Arthur Job (BRA) coming from the double elimination competing with the loser between the heat of Alex Vargas (CHI) and Justin Denel (FRA). Alessio Botter (PER), the youngest kid in this event, finally got a 4th place after loosing in a very tight heat with Arthur Job.

The wind today was really good with conditions about 20-24 knots most of the day and forecast shows a similar day for tomorrow, with bigger waves that can reach 1.5-2.0 meter height.

Hope you can come to enjoy all the competition here in Lobitos, and if you can't come for any reason, just remember to visit the official event website www.surfperu.tv/windsurf/ to follow this championship at real time all around the world.
