Update concerning the “Windsurfing Cup 3V 2020” regatta.

Dear Athletes and Coaches,

Everyone, almost worldwide, is feeling the impact of this coronavirus storm, both professionally and in their personal lives. It's our duty to ensure that we do what is required for the good of our communities, friends and families. Health and safety of people all over the world needs to be a priority for all of us.

Travel limitations and rules preventing large public gatherings make it impossible for most events to happen at this time. The huge demands that the current situation is putting on society cannot be underestimated and we have to support all necessary actions.

It is impossible to know exactly how the situation will unfold. That does not mean that we will be cancelling the “Windsurfing Cup 3V 2020” (20-21 June 2020). We are monitoring the situation closely and if the crisis it's not over by then, then the “WC3V2020” regatta will be moved to 3-4 October 2020. That is of course provided we can do so safely and without negative impact to our hosting community, the participants or our supporters.

As soon as any decision is taken to postpone or move our event, we will inform you without delay. We'll be updating you through the IWA and international classes web sites, with e-mails and through our Facebook Group:
<https://www.facebook.com/groups/windsurf.academy/>.

In the meantime, please stay home and healthy and protect those around you by following the advice of your government and health authority.

Thanos Sakkas
Head Coach.
