- 17.2 They are aware of the inherent element of risk involved in the sport and accept responsibility for the exposure of themselves and their board to such inherent risk whilst taking part in the event;
- 17.3 They are responsible for the safety of themselves, their board and their other property whether afloat or ashore;
- 17.4 They accept responsibility for any injury, damage or loss to the extent caused by their own actions or omissions;
- 17.5 Their board and equipment are in good order, equipped to sail in the event and they are fit to participate;
- 17.6 The provision of a race management team, patrol boats and other officials and volunteers by the event race organizer does not relieve them of their own responsibilities;
- 17.7 The provision of patrol boat cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances;
- 17.8 The fact that race officials may conduct inspections of a board and equipment does not reduce the responsibilities of each competitor set out in this notice of race.

18. ENVIRONMENTAL RESPONSIBILITY

The Basic Principle of the WCR states: "Participants are encouraged to minimize any adverse environmental impact of the sport of sailing", it is recommended that care be taken to protect the environment at all times during and after the event.
Special attention is drawn to WCR 47 -TRASH DISPOSAL- which states: "Competitors and support persons shall not intentionally put trash in the water. This rule applies at all times while afloat. The penalty for a breach of this rule may be less than disqualification".
